

## 20 Emerging Female Artists to Keep on Your Radar

By Lauren Palmer | 9 December 2015

This year was a strong one for female artists, and next year it appears that it might be even better. In 2016, all of the solo shows at SculptureCenter in Queens, New York, will be by women. We're also looking forward to Catherine Opie's "Portraits and Landscapes" at Lehmann Maupin gallery in New York in January, and "Revolution in the Making: Abstract Sculpture by Women, 1947 – 2016" in March at Hauser Wirth & Schimmel in Los Angeles.

Below, we've found 20 emerging female artists who we'll also be tracking in 2016.

### 19. Emily Weiner

A co-director of the Soloway gallery in Brooklyn, the painter recently completed a residency at the American Academy in Rome. In 2016, expect to see Weiner exhibiting at The Willows, her artist-run space and NYC apartment-show staple.
